COVER - This old bridge stands south of Eastover Farm and crosses the small stream that flows into the Sippican River eventually emptying into the bay east of Great Hill in Marion. It hardly seems possible but we are told that iron ore was once transported down this stream to the bay via flat boat and the old road was once a much traveled highway.

Watercolor - D.C.J.

SKYHOOK - Photo right.

A tall ladder was needed for this job on the halyard of the "Wanderer's Mast" at Shipyard Park and a lot of help came from friends across the river. A Ladder #2 of New Bedford gets a workout as it helps with the local problem #1.

ROLL-O-MATIC

SELF-WRINGING SPONGE RUBBER MOP & WAXER

Makes your mop and waxer obsolete!

ROLL-O-MATIC Mop never drips. Is convenient for washing walls, ceilings and perfect for washing windows. The rollers do all the work - no more bending or stooping. Hands never touch the water. ROLL-O-MATIC Mop is excellent for waxing floors - no need to change mophead. Spreads wax evenly. The specially designed ROLL-O-MATIC mophead prevents scratching furniture and baseboards.

ROLL-O-MATIC wrings out the mop quickly and easily ... just pull up the lever and the rollers squeeze out excess water and dirt. Hands stay dry and clean.

tax cap. This action was recommended by Selectman William F. Hubbard at the outset of the scheduled meeting, on advice of Town Counsel Donald Fleming.

Selectmen's Meeting

OPPOSE GAS CUT

Agway Inc., supplier of gasoline to Mattapoisett, has reduced the town's contractual allotment by 20% because their total supply was reduced by that percentage. At the request of Selectmen who are disturbed because the gas is used and needed by the police and ambulance, Senator Robert Hunt has requested Agway by letter not to reduce the town's gas supply. No reply has been received from the supplier to date.

REGIONAL PURCHASING PROPOSED

Selectmen have been invited to a meeting to be held April 26, at 7:30 at Plympton Town Hall to discuss the possible regional purchase of police cruisers. The proposal is that pooled purchases would result in lower fleet prices.

TAX CAP

Representative William MacLean informed Selectmen that Governor King's tax cap legislation was defeated in the legislature but a new house version is in the hopper to be debated in the next few weeks.

SHINING TIDES OPENED

The Shellfish Constable notified Selectmen that Shining Tides beach is open to all shellfishing until further notice.

PUBLIC RECORD INSPECTION

The Office of the Supervisor of public records notified Selectmen that a recent inspection at Town Hall was favorable. The inspectors had only one improvement to suggest and that was protection from moisture in the atmosphere.

pearing a vigorous 60 and thinking younger than most all of us. His great enthusiasm was the Christmas season when, without doubt, he sold as many trees as anyone in this area. One reason was that he would patiently show each of the hundreds of trees as if he had grown each one and wanted to have the customers make the perfect choice for them. No matter the cold - he would show them, wrap the tree, help tie it on the car. Everyone left feeling good. People came in greater numbers each year. The fact that green trees were available nearer mattered not at all because this trip offered more than just a tree. The very spirit of the season came as a bonus.

In the summer, tomatoes grew red and plump for him and left with friends. Sunflowers reached for the sky and he was delighted with every inch. Kittens tumbled underfoot and Gateway to Cape Cod was the place for an old book find, a toaster or something old or fairly new under signs handmade by the grandchildren. Retirement? It never occurred to Frank DeCosta because he was having far too

Pre-School Screening

FOR CHILDREN AGES 3-4

Parents of pre-school children, ages 3-4, may call Center School, 758-2521, for an appointment to have vision and hearing checked if they have reason to believe their child may have a problem in either of these areas. No diagnosis is given as a result of the vision or hearing screening, but the school nurse will inform the parent if she believes there should be a medical follow-up with the child's physician or a specialist.

the years to become one of the finest male choruses in the country. The group tours the U.S.A. and Europe annually, and during a recent trip, the chorus performed in Moscow, Leningrad and Kiev. During previous tours, the Y.R.C. has sung in nearly all the capitals of Europe. It sang in the Montreal World's Fair and at the Tenty Yugoslavian Choral Festival in Nis. In 1962 the chorus won first prize among male choruses at the International Festival de Chant Choral in Lille, France.

Last fall, the Yale Russian Chorus sang before 3000 people in Carnegie Hall in New York in celebration of its 25th anniversary. In this concert, the regular chorus of 30 men was joined by over 150 alumni who returned from all over the world to sing together again.

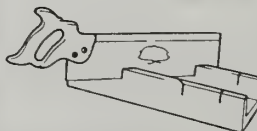

Steven Lipsitt, conductor of the chorus and a student at Yale, is a resident of Marion and Brookline, Massachusetts. Also singing with the chorus as soloist is Eric Lipsitt, Stephen's brother.

FIELD WALK

There is much activity springing to life in the fresh water areas of New England. On Saturday, April 14th, the Museum Outdoors field walk will investigate the spring pond. Open to all ages, this experience for the whole family will observe the rites of Spring and watch the renewed plant and animal life in the habitat of the pond. The walk begins at 10:00 A.M. and is free.

EASTER WEEK PROGRAMS

During the week of Easter Vacation, the Museum will be open Wednesday through Friday, April 18, 19 and 20, from 2-5 P.M. and all day Saturday, but closed all day Easter Sunday. In addition, three special afternoon programs are planned.

April 17, the Museum will be closed to allow the staff a day off. On Wednesday, April 18, however, at 2:00 P.M., a special visit to the Silveira's Goat Farm is planned. The farm is within easy walking distance

nars are again being held in every state (including the District of Columbia) except Alaska.

At Girls' State the girls will establish and operate a miniature state government of their own. They will form two political parties, hold conventions, nominate candidates for office, conduct campaigns and hold an election. Officers elected will be installed and the executive, legislative and judicial functions of state government carried out.

Talks by high state officials, leaders in government and other professions, will be part of the Girls' State program. The girls will hear about the duties and responsibilities of the various branches of government from men and women actually engaged in government work. Both from practice and study of state government, the girls will return home with a much better understanding of how American Democracy functions. More than eight thousand, seven hundred fifty Massachusetts Girls have participated in this Citizenship Program since its inauguration in 1945.

Two girls from the 1979 Girls' State will be selected to represent the girls of Massachusetts at Girls' Nation, to be operated in Washington, D.C. under American Legion Auxiliary sponsorship.

Colonial Curtains

Joanne Mee, Interiors specializes in fine reproductions of Colonial Curtains for today's house. In easy to care for fabrics, they are made especially for your troublesome, oversized windows, sliding glass doors, bow windows or your regular standard windows.

Sash Curtains are Fun

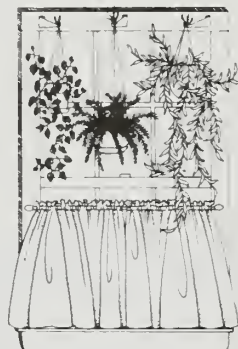

Add your own trim and let your imagination do your decorating. Generous 3" hems. Perfectly plain Eggsbell or White. 90" wide to the pair.

Small Ruffled Colonial

Charm in permanent press in white or eggsbell. Say Goodbye to ironing. Just lovely in every window! Top attached Ruffle included. 2-1/2" ruffle.

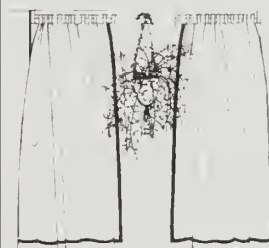

Shown here with sash curtain

5" Ruffles

Colonial Ruffles are just never wrong! They are enchanting and so easy to care for. Whether you are using them at sill length or on a sliding glass door, they just add charm.

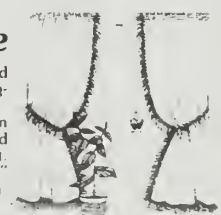

Prices — \$12. thru \$50. (extra wide)

Colonial Tabs

Our Colonial Tab Curtains are expertly made of the finest 100% cotton oxford we could find, in a natural color, with a homespun quality. They are also available in 50/50 cotton polyester in either a creamy eggsbell or a snowy white. We have found that the wider widths are in great demand for the new homemaker for their apartments with oversized windows or sliding glass doors. Grograin Ribbon Trim.

Prices — available upon request

4" Bedspread Fringe

Our standard 4" double-knotted bedspread fringe curtain at their regular prices. Either eggsbell or white, 100% cotton oxford.

We have been selling this curtain since we have been in business and people just never tire of it. Available in color. Widths 90"-270"

Prices \$12 to \$58.50

The Consortium's Private Industry Council is responsible for reviewing CETA employment and training programs to ensure they are responsive to the needs of the unemployed and the requirements of industry. The local Council is chaired by C. Eric Lindell, president of the Bristol County Development Council and recently retired vice president of Fairhaven Corporation. Its vice chairperson is Marjorie Gibson, personnel manager of the Sippican Corporation in Marion.

Among her first duties, Miree will help the Industry Council survey the short and long-term employment and training needs of area business firms and work with the needle trades industry to develop a CETA-funded program to train stitchers. She also will produce a monthly newsletter to keep business executives aware of the Private Industry Council's activities.

SMU PHYSICIST WILL SPEAK ON "BLACK HOLES"

Is the black hole a "gateway" to another universe? What are black holes? How do we look for black holes? Did the earth collide with a black hole in 1908? Is there a black hole in our future?

Alan Hirshfield, visiting lecturer in the physics department of Southeastern Massachusetts University, will address these questions at a public lecture entitled, "Black Holes: Gateway to Another Universe?" on Wednesday, April 18, at 3:30 in Room 228 of the Group II Building.

Hirshfield received a B.A. from Princeton University in 1973 and a Ph.D. in astrophysics from Yale University in 1978. He is currently doing research on the evolution of stars.

Refreshments will be served after the talk and the public is invited.
